## Extracurricular - Comments

Parent Satisfaction: 10	No. of Children: 1 Child Name: Carrie Sorensen	I do think there needs to be more practice time for each sport & parents need to help their children be committed to their respective teams by making sure the kids are at every practice.
Parent Satisfaction: 10	No. of Children: 2 Children Name:	School size has made it hard to have teams for activities. /
Parent Satisfaction: 9	No. of Children: 1 Child Name: Linda Starcher	Mostly have experience with the sports programs. I think they are managed well considering the limitations that exist simply due to the small number of students available.
Parent Satisfaction: 9	No. of Children: 1 Child Name:	I wouldn't know about the quality of activities, but I sure wish there were more sports options available for the younger kids (K-5).
Parent Satisfaction: 9	No. of Children: 3+ Children Name:	Regarding athletics, the teams should only be formed if they have other teams to compete against that are similarly aged.
Parent Satisfaction: 8	No. of Children: 1 Child Name:	My child does not participate in any extracurricular activities

## Teacher Interaction - Comments

Parent Satisfaction: 10	No. of Children: 2 Children Name: Fanny Gomez	The moment we entered the campus my children and I were welcomed with open arms. It has been a blessing to become a part of the "Trinity Lutheran Family"
Parent Satisfaction: 10	No. of Children: 1 Child Name: Jennifer Brown	Teachers are all outstanding, and excellent role models.
Parent Satisfaction: 9	No. of Children: 3+ Children Name:	K through 8 teachers are modeling the Christian faith. The teachers in the infant to 4 year old program don't seem as consistent in modeling their Christian faith.
Parent Satisfaction: 9	No. of Children: 1 Child Name:	Kindergarten teacher (Mrs. McKinnon) goes above and beyond. I could not be happier. Other teachers have been wonderful as well.
