

Florida Georgia District 70th Anniversary Challenge

During this 70th anniversary year of the Florida-Georgia District, President Walton has set a goal of \$3,500,000 to be raised for a perpetual mission fund. That amount was arrived at by multiplying a \$70 minimum donation by the number of congregation members in the District. It's just that simple. How will this money be used? Read the details below.

THE 70th ANNIVERSARY CHALLENGE

Raise \$3,500,000
for a perpetual
mission fund in the
Florida-Georgia District.

...Honoring the
mission spirit of the
founders in 1948...

CHOSEN WITH
PURPOSE
ABIDING IN
JESUS

WHAT

These donations will be set aside for 0% interest loans for mission starts - to include churches and other ministries who will be the hands and feet of Jesus in their communities. The dollars loaned are repaid directly back to the perpetual mission fund for another ministry to use!

WHY

Starting a mission can cost money. Renting or purchasing a building, buying supplies, creating websites, signage and salaries are real costs. Missions and ministries need money to cover these costs, especially if there isn't a congregation that supports them.

HOW

Each loan requires an extensive application process and will be approved on a case by case basis to ensure good stewardship of this mission fund. Funds to each mission will be disbursed by the District Office. Repayment will begin 6 months after the initial disbursement.
