

phil's friends

cancer is strong. **hope is stronger.**

1.8 million Americans will be diagnosed with cancer this year*. Many of these people find themselves in hopeless situations in hospital rooms and homes across the country. The mission of Phil's Friends is to introduce and strengthen relationships with Christ by providing faith-based practical, emotional, and spiritual support. We accomplish this mission through the distribution of our care packages to those affected by cancer and consistent support of prayer and monthly Cards of Hope for an entire year.

Providing Christ-centered

Practical, Emotional, AND Spiritual

support for those affected by cancer.

On average we send out 90-120 care packages each week and close to 5,000 Cards of Hope each month. So far in 2022 we have supported over 3,000 cancer patients and families through prayer and care packages.

Care Packages

Our care packages are filled with useful and comforting items.

If you or someone you care for has been diagnosed with cancer, please visit philfriends.org and request a no-cost care package.

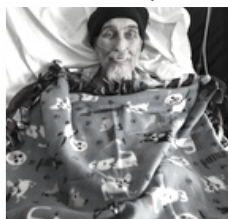

Cards of Hope

Individuals receive ongoing support and encouragement from our [Cards of Hope](#) program, reminding them for an entire year, that they are not alone on their cancer journey.

Remind those with cancer that they aren't alone on this journey.
