

THE MISSIONARY

Pathway

Kairos Network Partner Cohorts

Launching Tuesday, April 2

Hey, Kairos Network Mission Partner!

The Kairos Network is dedicated to helping you share the unchanging gospel in an ever-changing world and partners with districts, networks, and churches like yours to connect the disconnected to Jesus. Together, we train church planters and everyday Christians to plant the gospel and make disciples where they live, work, learn, and play. You can become a mission partner and gain access to Missionary Pathway facilities cohort experiences to work together through the Missionary Pathway training.

What is the Missionary Pathway? This is a simple and repeatable disciple-making process designed to help you equip everyday Christians to share the gospel and make disciples in the places they live, work, learn, and play. Many Christians feel deeply passionate about their faith yet feel insecure, even uncertain, about how to share faith with friends and neighbors in a culture that is not interested in the church. This training will equip you to navigate those challenges and equip those in your ministry areas with the confidence to share their faith in the places they are already going. Below I have attached an overview of the Missionary Pathway.

To join one of these cohort experiences, there are a few quick things for you to do before our first session:

Sign Up

To get started, here are three quick links to get you started. This will give you access to everything you need to get started.

1. **Sign Up for The Missionary Pathway Course** - <https://thekairosnetwork.com/missionarypathway> This is the full course you will be walking through. We will cover how to use this course in our first session.
2. **The Click Up Form** - <https://forms.clickup.com/37464128/f/13qa20-2424/R77JAZTPIYP7N43B5W> This form is important as it tracks the entire missionary pathway around the world and the progress of those on the pathway. In our first 7 months live, we have over 150 people in 8 countries that have signed up for the pathway, and around half have gone through or are going through one of our cohorts.
3. **Your Cohort Link.** *sign up link here* It's ok if you can't make every session. We will record the sessions and upload them to a private cohort course. This way, you can catch any sessions you have to miss or review any other materials we go over during our cohort sessions.

THE MISSIONARY

Pathway

Our Purpose

Many Christians feel deeply passionate about their faith yet feel insecure, even uncertain, about how to share faith with friends and neighbors in a culture that is not interested in church. The old systems for outreach aren't working anymore.

The Missionary Pathway is a free, eight-session online course built to provide Christians with a simple, repeatable framework for community engagement

Since its launch on Sept 2022, The Missionary Pathway has helped over 450+ people in 9 countries increase their confidence in sharing their faith.

The Story Behind the Missionary Pathway

At The Kairos Network, we know you want to be a confident disciple of Jesus, engaging your community well and with intention. To do that, you need a new approach with simple practices to share your faith in Jesus - one that works and feels genuine and authentic.

While you're deeply passionate about your faith, often you feel insecure, even uncertain, about how to share faith with friends and neighbors in a culture that is not interested in church. The old systems for outreach aren't working anymore - most methods seem like glorified invites to church. We know that Jesus would be a huge blessing to our neighbors, but how do we share faith in a way that will be received and not immediately rejected?

Our founder, Matt Peebles, has been living and working in church planting for the past 13 years. He planted The Point Church in Knoxville, Tennessee, in 2010 before moving to New Jersey to revitalize Bethlehem Lutheran Church and launch a church plant in 2017. In the most post-Christian region of the country, under Matt's leadership, Bethlehem became one of Outreach Magazine's Top 100 Reproducing Churches in 2020.

Matt Peebles and Trey Sansom (Pastor of Project 242 Church in Conroe, TX) built The Missionary Pathway course and now offer it free so any Christian can discover the simple practices and authentic framework for engagement. Since the course launched, over 450+ people in 9 countries have increased their confidence in sharing their faith and connecting the disconnected to Jesus.

Testimonials

Peter Meier - Executive Director, Missions and Outreach Florida-Georgia District LCMS

"I'm always on the lookout for simple, concise "everyday missionary" training that will engage participants with a variety of presentation styles, tools they can use, and encouragement to take it to their harvest fields. I found what I'm looking for! Matt and Trey and The Missionary Pathway covers the bases. If you want to train everyday disciples to make more disciples who will gather in groups of disciples, this is for you! I love the use and practice of Discovery Bible Study throughout. We are using The Missionary Pathway as an integral component of our leadership development in the Florida-Georgia District. I know it will be a blessing to already-disciples and to not-yet disciples!"

Traci Kohls - Everyday Missionary

"Don't think about going through it; do it! You will gain a community that is walking the same journey as you, you will gain practical tools to implement right now, and most importantly, your neighbors will be blessed as you simply obey Jesus' command to go and make disciples. "

Peyton Jones - Founder NewBreed, Author "Church Plantology"

"Kairos network's training helps connect the dots for those who want to run headlong into mission without tripping over the trappings of "ministry". If you're looking for training that empowers people according to their passions and burdens, Kairos is a good place to be."

Greg Finke - Founder Dwelling 1:14, Author "The Joining Jesus Series"

"What I love about Matt and Trey is that they are not only keen thinkers and gifted communicators, they are experienced practitioners. They know how to help you plant the gospel in your community because that is what they have been doing themselves."

Michael Heiden - Pastor at CHRIST GREENFIELD | Gilbert Campus

I am a pastor at Christ Greenfield in Arizona, and I am so grateful for the Missional Pathway. I was able to go on the pathway with some co-workers in preparation for taking our people through it. The pathway was extremely helpful, practical, and encouraging. I saw a change and rejuvenation in me and my fellow team members. We are so excited to implement the Pathway with our people and to see what God has in store for us.
