

God's Word to Vision-Impaired People

Iris Lending Library serves vision impaired people worldwide. They provide print versions in both Braille and large print (along with audio tapes) of religious texts.

The Library is currently using computers from 2012. The software to print these books is no longer supported.

Your chapel offering will be used to purchase new computers with updated technology. This will enable them to continue to provide vision-impaired people with God's Word.
