Service Project - Outdoor Project	This session is a service opportunity for students to help clean around the Lake Yale campus. Help us show gratitude for their amazing campus! Please bring gloves if you sign up for this session! The service project this year may include tasks such as cleaning, painting, raking, or other light maintenance work around the camp, so please come prepared with garden gloves and clothes that are OK to get messy! Projects will be based on the current needs of Lake Yale, so your group may rotate between activities or focus on one specific area. Every task plays a role in helping us care for and prepare this space for you and the many other guests who visit.	CAMP
